

## Excalibur Sulphur/Iron Filters

*Choose Stain & Sulphur-free*

# Choose *Stain & Sulphur-free*

## **Laundry**

Washing laundry in stain free water has proven more effective than doing laundry in water that has Iron content and sulphur (the rotten egg smell). No matter the amount of laundry soap or detergent used it will not remove the constant Iron staining or sulphur (the rotten egg smell) from your water. On clothing that has continuous Iron staining may cause fiber deterioration, wearing out at a faster rate, nothing looks really clean and nothing is clean. Laundry washed in Excalibur Water Systems stain free water will be brighter, cleaner and last longer.

## **Dishwashing**

Here too the stain free water makes dishes and glassware shine eliminating etching, staining and sulphur (the rotten egg smell) from your water supply. When using stain free water your glassware and dishes look clean, smell clean and last longer.

## **Housecleaning**

Stain free water cuts the time required to do house cleaning in half. Stain free water only requires a quick once over in cleaning sinks, bath tubs, shower tiles and plumbing fixtures as no more Iron staining and sulphur (the rotten egg smell) will be present.

## **Plumbing & Appliances**

Iron staining and sulphur (the rotten egg smell) has an adverse effect on appliances and plumbing systems that can cause deterioration and wear in dishwashers, hot water tanks and washing machines caused by Iron and sulphur (the rotten smell) buildup that will shorten the life span of your appliances.

A young child is shown in profile, blowing a dandelion seed head. The child's eyes are closed, and their lips are pursed together. The dandelion is held in the child's hand, and several seeds are captured in mid-air, floating away from the head. The background is a bright, green field under a clear blue sky. The overall mood is peaceful and hopeful.

*Wishing for stain and sulphur-free  
sinks and appliances AND cleaner,  
brighter laundry ... Excalibur can help.*

# Excalibur Iron/Sulphur Filters • Features & Benefits

**20 YEAR  
WARRANTY**

## **PREMIUM ZENTEC HYBRID CAPSULATE CHEMICAL FREE IRON & HYDROGEN SULPHIDE FILTER**

### **System Benefits:**

Water Treatment Iron and Hydrogen Sulphide filter that removes and eliminates iron, iron stains, hydrogen sulphide (often referred to as that "rotten egg smell"). No chemicals, safe for septic beds, inexpensive operation uses air injection with our Zentec Hybrid specialty iron/hydrogen sulphide removal media for clean water.

### **FEATURES:**

- ◆ Fully programmable electronic control valve
- ◆ Quiet operation
- ◆ Adjustable time cycles for best results
- ◆ Chrome sweat jacket and black cap
- ◆ Uses less than \$3.00 per year to operate 12 volt
- ◆ High flow control valve for premium backwashing
- ◆ Includes air injection system
- ◆ 20 year warranty
- ◆ Iron and hydrogen sulphide removed up to 10.0 ppm
- ◆ Flows up to 20 gallons per minute
- ◆ Patent pending

**12 YEAR  
WARRANTY**

## **SUPERIOR ZENTEC HYBRID CAPSULATE CHEMICAL FREE IRON & HYDROGEN SULPHIDE FILTER**

### **System Benefits:**

Superior Iron and Hydrogen Sulphide Filter that removes and eliminates iron, iron stains and hydrogen sulphide from your water supply. No chemicals to be used, safe for septic beds. Minimal operating cost, uses air injection system with our Zentec Hybrid specialty iron/hydrogen sulphide removal media for clean water.

### **FEATURES:**

- ◆ Fully programmable electronic control valve
- ◆ Quiet operation
- ◆ Adjustable time cycles for best results
- ◆ Uses less than \$3.00 per year to operate 12 volt
- ◆ High flow control valve for superior backwashing
- ◆ Includes air injection system
- ◆ 12 year warranty
- ◆ Iron and hydrogen sulphide removed up to 8.0 ppm
- ◆ Flows up to 10 gallons per minute
- ◆ Patent pending

**7 YEAR  
WARRANTY**

## **VALUE ZENTEC HYBRID CAPSULATE CHEMICAL FREE IRON & HYDROGEN SULPHIDE FILTER**

### **System Benefits:**

Good value Chemical Free Iron and Hydrogen Sulphide Filter that removes iron and hydrogen sulphide from your water supply. No chemicals needed, low operating cost, air injection system that is environmentally friendly. The air contact with our media provides excellent filtration.

### **FEATURES:**

- ◆ Fully programmable electronic control valve
- ◆ Quiet operation
- ◆ Adjustable time cycles for best results
- ◆ Uses less than \$3.00 per year to operate 12 volt
- ◆ High flow control valve for best backwashing
- ◆ Includes air injection system
- ◆ 7 year warranty
- ◆ Iron and hydrogen sulphide removed up to 7.0 ppm
- ◆ Flows up to 8 gallons per minute
- ◆ Patent pending

# Excalibur Iron/Sulphur Filters • Features & Benefits

## PREMIUM CHEMICAL FREE IRON & SULPHUR FILTER -

### System Benefits:

Water treatment iron and sulphur filter removes and eliminates iron, iron stains hydrogen sulphide - that "rotten egg smell".

No chemicals, safe for septic beds, inexpensive operation, uses air injection with our Zentec Hybrid iron/hydrogen sulphide removal media for clean water free of iron and hydrogen sulphide. The air (oxygen) contact tank increases the oxygen contact time for best results.

### FEATURES:

- ◆ Flow rates up to 20 gallons per minute
- ◆ Electronic control valve
- ◆ Fully Automatic
- ◆ Quiet operation
- ◆ Chrome sweat jacket with black cap
- ◆ Uses less than \$3.00 per year of electrical power to operate 12 volt
- ◆ High flow control valve for premium backwashing
- ◆ Includes air injection system
- ◆ 20 yr. Warranty
- ◆ Iron and hydrogen sulphide removal up to 40 ppm

## SUPERIOR CHEMICAL FREE IRON & SULPHUR FILTER

### System Benefits:

Superior iron and hydrogen sulphide filter removes iron and hydrogen sulphide from your water supply. No chemicals to buy, safe for septic beds, minimal operating cost, uses air injection with our Zentec Hybrid iron/hydrogen sulphide removal media for clean water free of iron and hydrogen sulphide. The contact tank increases the oxygen contact time that provides best filtration results.

### FEATURES:

- ◆ Flow rates up to 10 gallons per minute
- ◆ Electronic control valve
- ◆ Fully Automatic
- ◆ Quiet operation
- ◆ Uses less than \$3.00 per year of electrical power to operate 12 volt
- ◆ High flow control valve for superior backwashing
- ◆ Includes air injection system
- ◆ 12 yr. Warranty
- ◆ Iron and hydrogen sulphide removal up to 15 ppm

## VALUE CHEMICAL FREE IRON & SULPHUR FILTER

### System Benefits:

Good value chemical free iron and hydrogen sulphide filter that removes iron and hydrogen sulphide from your water supply. No chemicals to buy, low operating cost, air injection system that is environmentally friendly. The air contact tank increases the oxygen contact that provides best results for iron and hydrogen sulphide removal.

### FEATURES:

- ◆ Flow rates up to 8 gallons per minute
- ◆ Electronic control valve
- ◆ Fully Automatic
- ◆ Quiet operation
- ◆ Uses less than \$3.00 per year of electrical power to operate 12 volt
- ◆ High flow control valve for best backwashing
- ◆ Includes air injection system
- ◆ 7 yr. Warranty
- ◆ Iron and hydrogen sulphide removal up to 10 ppm

# Excalibur Iron/Sulphur Filters • Features & Benefits

## PREMIUM IRON & SULPHUR POTASSIUM PERMANGANATE FILTER

### System Benefits:

Finally, a water treatment filter that eliminates iron, iron stains and sulphur - often referred to as that "rotten egg smell".

**Solid State design, only one moving part with water, and super quiet operation.**

### FEATURES:

- ◆ Regenerates with Potassium Permanganate
- ◆ Chrome Jacket
- ◆ Fully Automatic

- ◆ Up to 10 p.p.m. of iron
- ◆ Up to 3 p.p.m. of sulphur
- ◆ Flows to 10 g.p.m.
- ◆ Bonus 5 lbs. of pot perm included n/c
- ◆ 10 year warranty
- ◆ 12 Volt AC for safe operation

## SUPERIOR IRON & SULPHUR POTASSIUM PERMANGANATE FILTER

### System Benefits:

Iron and sulphur filters that eliminate iron stains and sulphur odors (the rotten egg smell).

### FEATURES:

- ◆ Regenerates with Potassium Permanganate
- ◆ Fully Automatic
- ◆ Up to 5 p.p.m. of iron
- ◆ Up to 2 p.p.m. of sulphur
- ◆ 7 year warranty
- ◆ Flows to 5 g.p.m.
- ◆ Bonus 5 lbs. of pot perm included n/c

## VALUE IRON & SULPHUR POTASSIUM PERMANGANATE FILTER

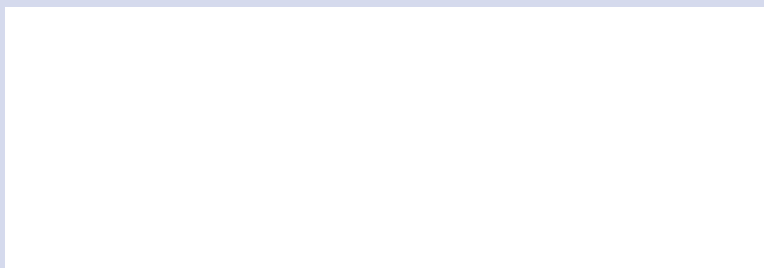

### System Benefits:

Eliminates unpleasant iron staining and sulphur odors from your water supply.

### FEATURES:

- ◆ Regenerates with Potassium Permanganate
- ◆ Fully Automatic
- ◆ Up to 5 p.p.m. of iron
- ◆ Up to 2 p.p.m. of sulphur
- ◆ 5 year warranty
- ◆ Flows to 5 g.p.m.
- ◆ Bonus 5 lbs. of pot perm included n/c
